Joonho Han

Address: 140 Bay state Road #5103, Boston, MA, 02215
Phone number: 858-880-6106
E-mail: joonhohan365@gmail.com

EDUCATION

Boston University College of Engineering, Boston, MA
Bachelor of Science - Computer Engineering (Class of 2018)
GPA: 3.64/4.0

PROJECTS

Ink - Android Application Development
Play Store: https://play.google.com/store/apps/details?id=eden.notebook.ink

- A notebook application. Focused on minimalist design to achieve easily comprehensive interface. Special features include: categorizing notes, renaming categories, colored categorization, group delete, cloud backup, note header image setting, etc.

Seltra - Ergonomic jewelry
https://feeltotouch.tumblr.com

- A wristband with design that had personal meanings. Designs were improved to be more modern throughout time, constantly incorporated new methods of making the jewelry capture more "light." Pursued balance between personal standards of beauty and socially acceptable design.

TECHNICAL SKILLS

Programming Experience
- Android API, C++, MatLab, Python
- Operating System: Windows (7/8), Linux (SantOS, Ubuntu)

CAD with **Solidworks**
- Self-taught solidworks used to design personal 3-D projects.

PROFESSIONAL EXPERIENCE

Pavlok (Boston, MA)
Android QA Intern – November 2015 ~ January 2016
- Learned to think like an automated UI test software, and created QA guidelines for apps. Pavlov makes wearables that shock the user when enacting his/her bad habits. Android app could connect to wearable via bluetooth and shock, zap, or vibrate with different magnitude.

Bium Psychological Counseling Center (Daejeon, Korea)
Project Manager – June 2014 ~ August 2014
- Organized educational materials, signed students in to the seminar, acted as administrative support when needed.

Team Sejong (San Diego, CA)
Project Manager, Assistant Translator – March 2014 ~ May 2014
- Promoted Korean culture through planning cultural events, interacted with event attendees by showing common words and sharing cultural facts.
